ABOUT US

HSM TRADING is a leading and influential player in the steel, metallurgy, aluminum, and industrial trading sectors.

Through a successful diversification strategy, the group has established itself as a market leader by focusing on stable and high-growth sectors, while creating strong synergies across its various business divisions.

With a network of more than 11 sales outlets across Tunisia, **HSM** has built a strong presence in Africa, exporting to over 10 countries across the continent.

Our commitment to innovation, quality, and excellence enables us to meet the diverse needs of our clients while reinforcing our position as a key player in the industry

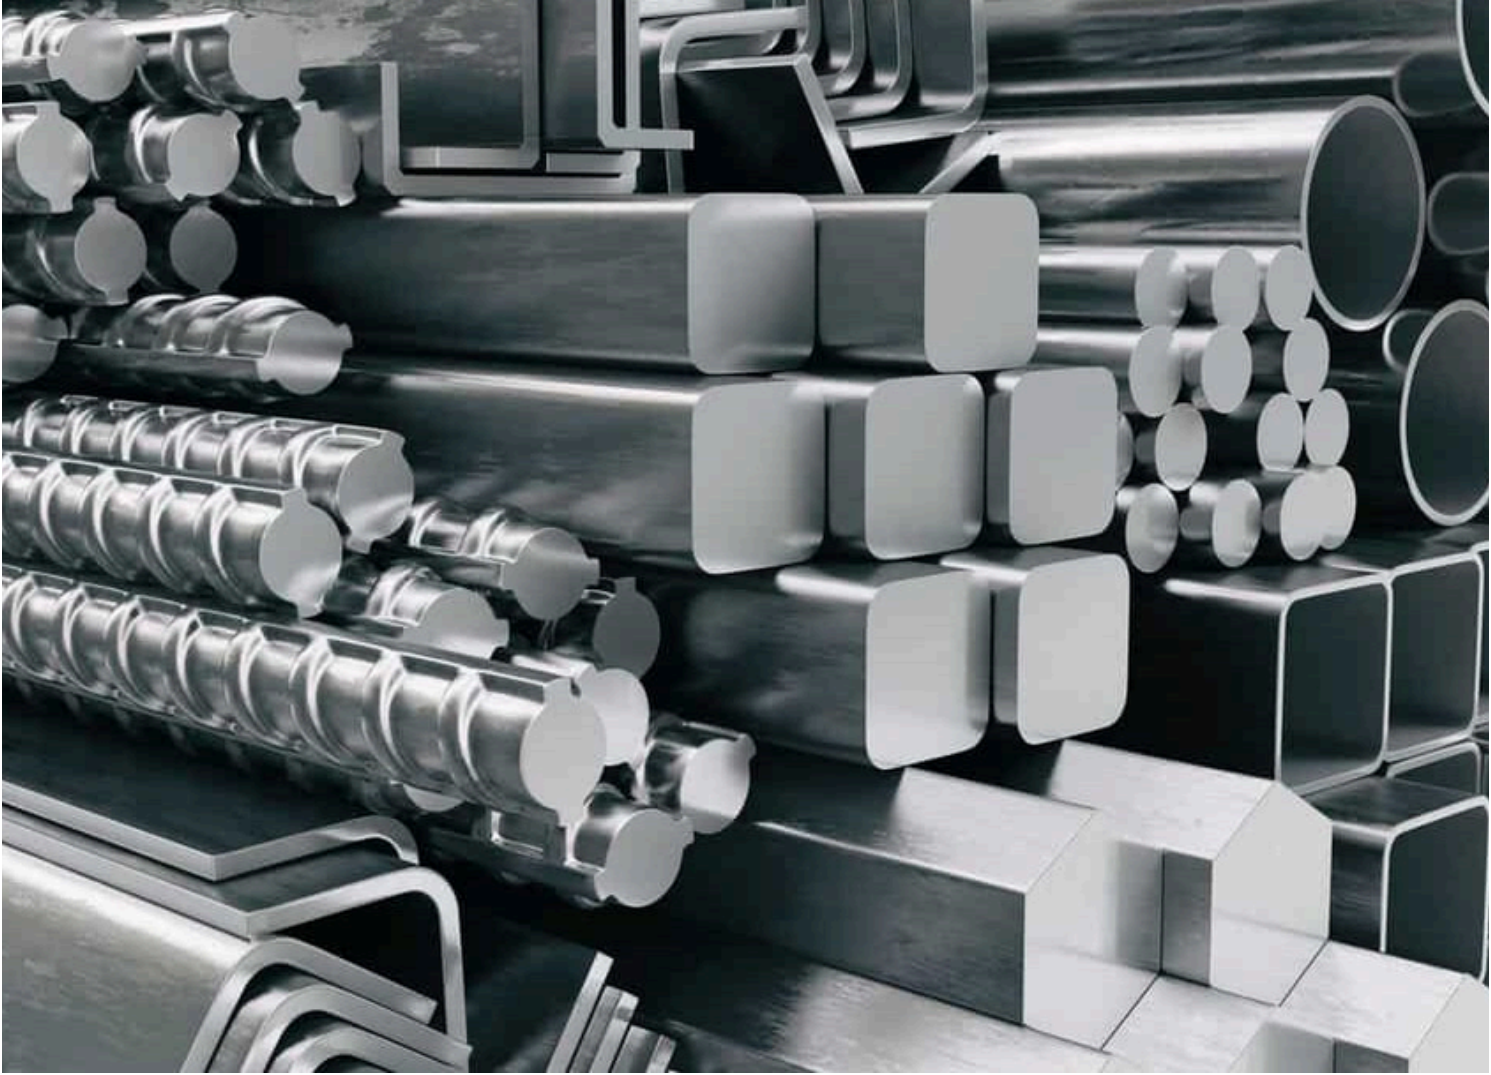

OUR SERVICES

At HSM, we offer:

- Customized consulting services
- Manufacturing and installation
- Wholesale and retail distribution
- Expertise in industrial production

STEEL

Guardrails – Top Matic Motors – Domus Octagonal Shafts –
Alucobond panels – Laser- cut Doors – Fly Screens

“Discover the strength and reliability of steel through our advanced range of products, designed to deliver exceptional performance and timeless style for all your projects.”

Steel Products

We offer a wide range of steel products, delivering strength, durability, and versatility for a wide variety of industrial and construction projects. Our products include:

Steel Coils

High-quality steel coils available in various thicknesses and widths, ideal for manufacturing, fabrication, and industrial processing.

Round Tubes

Strong and durable round steel tubes, suitable for a wide range of applications, including construction and mechanical installations.

Steel Sheets

Steel sheets available in multiple thicknesses and finishes, suitable for many applications including construction, manufacturing, and the automotive industry.

Steel Beams

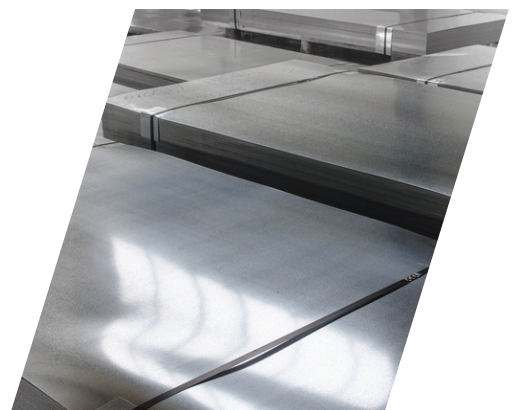

Structural steel beams designed to provide exceptional strength and stability for large-scale construction projects.

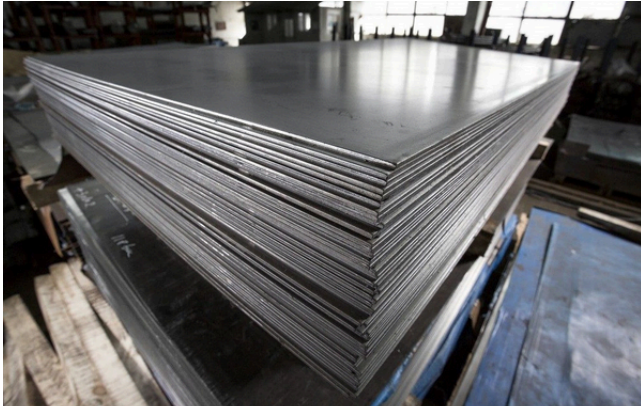

Sandwich Panels

Composed of two steel sheets with an insulating core, these panels are ideal for facades, roofing systems, and applications requiring thermal and acoustic insulation.

Square Tubes

Square steel tubes, ideal for construction, metal frameworks, and various industrial applications.

STEEL SHEETS

Our premium-quality steel sheets are designed to meet the needs of the construction, metallurgy, and manufacturing industries. Manufactured from durable steel, they offer excellent resistance to impact, corrosion, and weather conditions, making them ideal for both indoor and outdoor applications.

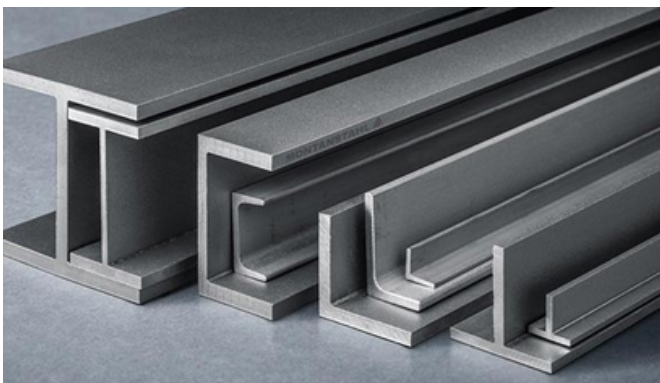

Available in a variety of thicknesses and sizes, our steel sheets are perfectly suited for structural work, cladding, and specialized industrial applications.

STEEL COILS

Our high-precision steel coils, manufactured according to strict quality standards, provide excellent dimensional accuracy and a smooth surface finish. They are ideal for applications requiring malleability, strength, and high-quality finishing.

Available in different widths, thicknesses, and surface finishes, our steel coils are widely used in industries such as automotive manufacturing, parts fabrication, and structural applications.

STEEL BEAMS

Our steel beams are engineered to provide superior strength and structural stability. Manufactured from high-quality materials, they ensure optimal resistance to heavy loads, impacts, and extreme weather conditions.

Available in I, H, and U profiles, they are ideal for industrial, commercial, and residential projects, including metal structures, bridges, and industrial buildings.

SQUARE STEEL TUBES

Our high-quality square steel tubes are designed for demanding construction, metallurgy, and architectural projects. Manufactured from durable materials, they offer excellent resistance to deformation and corrosion, ensuring long-lasting performance.

Available in various sizes and thicknesses, they are ideal for structural projects, interior design applications, and metal framework construction.

ROUND STEEL TUBES

Our high-strength round steel tubes are designed to deliver durability and reliability in both industrial and construction applications.

Manufactured from premium-quality steel, they offer excellent resistance to mechanical stress, corrosion, and weather conditions, ensuring a long service life. Their versatility makes them ideal for structures, mechanical installations, frameworks, and industrial systems.

SANDWICH PANELS

Our insulated steel sandwich panels provide excellent thermal and acoustic insulation while ensuring strength and durability.

Composed of steel sheets and an insulating core (polyurethane, polystyrene, or mineral wool), these panels offer strong resistance to weather conditions, impacts, and corrosion.

They are ideal for industrial buildings, warehouses, and cold storage facilities.

METAL SHUTTERS

HSM OFFERS A COMPLETE RANGE OF METAL SHUTTER SLATS, COMBINING SECURITY, DURABILITY, AND AESTHETIC APPEAL.

OUR PRODUCT RANGE INCLUDES:

BOTTOM SLATS (1.2 TO 1.5 MM)

FLAT SLATS (0.5 TO 1 MM)

CURVED SLATS – TYPE C (0.6 TO 1 MM)

THESE SLATS ARE AVAILABLE IN DIFFERENT SIZES AND FINISHES, MAKING THEM SUITABLE FOR COMMERCIAL, INDUSTRIAL, AND RESIDENTIAL PROJECTS. CUSTOMIZED SOLUTIONS ARE ALSO AVAILABLE TO MEET YOUR SPECIFIC REQUIREMENTS.

METAL SHUTTER GUIDES

WE OFFER A RANGE OF STRONG AND HIGH-PERFORMANCE GUIDES FOR METAL SHUTTERS, AVAILABLE IN THE FOLLOWING DIMENSIONS:

40/25 – 12/10

50/30 – 15/10

DESIGNED TO ENSURE SMOOTH, DURABLE, AND SECURE OPERATION, THESE GUIDES ARE SUITABLE FOR ALL TYPES OF COMMERCIAL, INDUSTRIAL, AND RESIDENTIAL INSTALLATIONS.

CUSTOM SOLUTIONS CAN ALSO BE PROVIDED TO MEET SPECIFIC PROJECT REQUIREMENTS.

YOUR RELIABLE PARTNER IN ALUMINUM AND STEEL

AT **HSM**, WE ARE PROUD TO OFFER HIGH-QUALITY ALUMINUM AND STEEL PRODUCTS DESIGNED TO MEET YOUR HIGHEST EXPECTATIONS.

FROM ROBUST STRUCTURES TO INNOVATIVE DESIGNS, OUR MATERIALS ARE ENGINEERED TO DELIVER DURABILITY, RELIABILITY, AND PRECISION FOR EVERY PROJECT.

THANK YOU FOR PLACING YOUR TRUST IN HSM.
TOGETHER, WE SHAPE EXCELLENCE.
